-An old gentleman, who has been confined to his room by sickness for about two months, remarked the other day in my presence that he had one especial reason for having such a desire to get well. When I asked him what that was, he remarked, "Just to get a chance to vote against the new constitution."

-Archie Cook, aged about 13, was mentioned some time ago in the columns of this paper as a natural genius, after having made a genuine violin and various other musical instruments, etc., and he has just added more proof of this fact. He saw a planchett a few minutes while in Danville a few days ago, and on returning home he made one that works 36 perfection. To see "the darn thing," as I heard an old fellow refer to it, write correct answers to almost every question asked it and to know that it was made by a child, does seem a little remarkable, to say the least. Archie is going to make a mark in this mixed-up world.
